المواصفات

Design	<ul style="list-style-type: none">- <i>It is beautiful and timeless design hides multiple functionalities.</i>- <i>With its perfect size and shape, Store street bench easily adds allure to any outdoor location.</i>- <i>Strong, powder-coated steel construction is completely weather-resistant and vandal-resistant.</i>
Solar powered	<ul style="list-style-type: none">- <i>Visually appealing, deep black photovoltaic modules developed and produced exclusively for Store, adding to its energy efficiency.</i>- <i>Advanced controller inside the bench makes battery charging possible even when the seating area occupied and PV modules are shaded.</i>
Advanced device charging.	<ul style="list-style-type: none">- <i>Steora's main feature are chargers for charging different types of devices.</i>- <i>The bench comes with two USB ports with ambient light for charging any type of device using USB cable.</i>- <i>Wireless charger integrated in acrylic glass cover enables cable-free charging. Just place your device on the charging pad and charge it wirelessly.</i>
Superfast Internet connection.	<ul style="list-style-type: none">- <i>Wi-Fi speed up to 433 Mbps* makes browsing experience unlike any before.</i>- <i>Special controller takes care for your security while you read news, use social networks, or shop online.</i>- <i>Steora can connected on the Internet using SIM card, Ethernet cable, or optical fibre cable.</i>
Data gathering.	<ul style="list-style-type: none">- <i>15 sensors inside Steora monitor everything that happens on and around the bench.</i>- <i>Each second, sensors are gathering data about air parameters, bench usage and system status.</i>- <i>All gathered information are available for customers via the dashboard.</i>- <i>If anything happens, system immediately alerts the owner, and our technical support department.</i>
